GROVE GROW

Who's Who in Lemon Grove

Steven Westover is an artist. The handsome, gray-haired, managing partner of The Lemon Grove Lumber Co., has paintings hung all over the house at 8349 Golden Ave. where he and his wife Margaret live.

Looking exactly like a prosperous business man, which he is, it is usually a surprise to strangers to find that "Steve" is so adept a painter.

"I enjoy painting. It has been my lifelong study and hobby. I don't hold showings because of

some of the things that get prizes are shameful."

A colorful seascape brightens the wall over his desk in his office. There are others and they attract complimentary comment from visitors.

"I spend a lot of time supporting the Starlight Opera, but I have trouble getting up the 'bloody' steps now. So I devote my time to painting."

His use of "bloody" as an expression, means what you think. Steve was born in the County of Kent, England. Migrating to Canada in 1911, he came to Lemon Grove 13 years ago.

He kids about his age. Claims he gave up golf and swimming to "take it a little easier." Meanwhile he is one of the more active members of the Crippled Children's Hospital. Much of his time goes to Shrine and Masonic organizations. He enjoys particularly the Masonic High 12 luncheon club.

Steve's interest in politics is kept high by his wife. She recalls her association with the Arizona State Legislature as an executive with the Corporation Commission. "She still has the political bug." Steve is quite a pianist, too. The dulcet strains of Chopin, his favorite composer, are heard most often at the Westovers. Steve sums it up in a succinct sentence. "I enjoy myself at home," he says.

With that much talent to wangle with he can enjoy himself anywhere.

GROSSMONT BOARD REVISED SALARY SCHEDULE

The Grossmont High School Board of Trustees, in an economy mood, cut \$303 from the salary schedule presented by the faculty at a special meeting of the Board Thursday.

The schedule adopted ranges from \$3400 minimum for a teacher holding a bachelor's degree and a maximum of \$5000 for a master's degree, with a general secondary credential two years of training beyond the bachelor's degree and 14 or more years of teaching experience.

Salary schedules designed to meet military trends, decreased purchasing power of the dollar and to keep Grossmont and other high schools in position to attract highly competent teachers were requested by the Professional Relations Committee of the Faculty.

The schedule presented by Donald A. Taylor, Chairman of the

Faculty committee, ranged from \$3400 to \$3760 for initial placement to maximums ranging from \$5000 to \$6000. A vigorous effort was made to bring that the cost of living justified salary schedules up to \$6000 to equal a salary of \$3600 in 1940. These schedules are above those currently being paid in other high school districts in San Diego County and according to Lewis F. Smith, District Superintendent, average for the state as a whole.

The schedule adopted will enable the district to employ well qualified teachers.

Also approved were salary schedules for all other employees. The schedules adopted were based on increased cost of living and salaries being paid in other school districts of San Diego County.

The board approved a calendar of salaries for a school year of 173 days beginning on September 2nd and ending on May 29th. The calendar starting date was set to avoid use of state funds apportioned for growth.

Normal vacations were included except for Easter week which was reduced to Thursday and Friday.

350 NEW HOMES START L.G. ON BUILDING SPREE

As the City of San Diego released new record totals in population growth during the past week, Lemon Grove had reason to boast also.

New residential developments at Brookside and Park Vista will add more than 350 new homes to the community. These two projects are in addition to nearly a hundred privately started houses.

One hundred and eleven houses, all of which have been sold, according to a spokesman for the construction firm, are being built at Brookside. These are 2 bedroom houses in the \$10,000 range.

"Every purchaser will be in possession by the end of September," George Turner, sales manager for the N. J. Brock and Son construction firm of Los Angeles said.

"As soon as these are completed we intend to start 50 more. This will bring the Brookside development to full capacity and we will have built 450 homes there in a two year period," he said.

"Lemon Grove looks like a community with a real future," Turner added. "It appears there is a movement from the beach areas to the less crowded areas. Climate is an important factor, too."

The Brock firm, according to Turner, is seeking a suitable tract in which to start another development in Lemon Grove.

Meanwhile, Martin Gleich, president of the American Housing Guild is starting 42 houses in Park Vista. This project lies south of University between Massachusetts and College Avenues. Three bedroom houses at \$10,000 each will be built under the Defense Housing Act. These homes will be sold to qualified veterans for \$200 down, according to Gleich. He pointed out that two main requisites are veteran's status and an occupation with an

approved defense production firm. Some government employees may qualify if they are veterans, according to Gleich.

Upon completion of this project in late August, 76 more houses will start in Unit number two of the development, he said.

According to John Rogers, County construction inspector, a 72 group of homes is under way on College Avenue, Clifford Boren, he says, is building 47 houses on Melba Avenue and 25 on Lemarand.

Meanwhile, Lemon Grove business houses are gearing up to handle the anticipated influx of new families. Housing for at least 10 new businesses is in various stages of completion or is about to begin.

FUNDS FOR SCHOOL PROJECT DELAYED

Although the bids for the new intermediate school in the Lemon Grove District have been submitted to the State Department of Finance, that group has not yet approved the project to the State Allocation Board. Without this final approval for funds, the building project so vital to Lemon Grove can not proceed.

The Department of Finance recommends that the district advertise for alternate bids at this time. Thus buildings which could be constructed with present funds would be built, but the whole unit would be far from complete. Officials are hoping that the additional allocation for the original plans will be forthcoming despite the delay now. They have appealed to both the State Allocation Board and local legislators to assist in obtaining immediate permission to proceed with plans as scheduled.

"WAR TO THE END" SPRING VALLEY TELLS LOCAL C OF C

War was declared on Lemon Grove Tuesday night. The ultimatum officially delivered at the monthly meeting of the Chamber of Commerce by a representative of Spring Valley Chamber of Commerce.

Mrs. L. O. Fournier, special events chairman for the Spring Valley organization stated before the Chamber that Spring Valley would be cleaner than Lemon Grove when the current Clean-Up campaign ends in May.

Local members did not indicate what their next move would be; probably involving military secrecy on news of the coming action, but it can be assumed that an explosive action will result.

Meanwhile, local citizens are urged to do their part in turning back the invader. Should any Spring Valley be seen planting weeds in Lemon Grove lots, or making paint appear dingy, this should be reported at once to the local fire department.

For the sake of sanity, it should be duly reported that Wayne Johnson, of Morcan's Feed was named to the board to fill the vacancy created by C. R. Graham who moved from Lemon Grove.

L. G. V. F. W. NAMES NEW OFFICERS

The newly installed officers of Veterans of Foreign Wars Post 2082, with Remo Lusitano as commander, James Dale, Senior vice commander, and H. C. Stubbs, Junior vice commander, will conduct their first meeting at 8 p.m. Tuesday, May 13, at the VFW Hall, corner of Imperial and Lincoln.

Any person who has served honorably overseas in time of war or in the police action in Korea is eligible to join. The VFW offers veterans an opportunity to serve the community in which they live, plus the chance to protect the benefits which they are entitled under the law.

The new Post commander, Remo Lusitano, plans to continue and increase the activities of the past year.

A MESA NEWSPAPER SOLD

Sale of the La Mesa Scout, weekly newspaper, to Les E. Owens, publisher of the El Cajon, Calif., Independent, was announced this week by Carlyle Reed. The Reed family corporation will continue to publish the El Cajon Valley News and the Mountain Messenger in its El Cajon plant.

James Hill, formerly a member of the Minneapolis Tribune news staff, will be new publisher of the Scout. Hill is a nephew of Owens and now a La Mesa resident, said the personnel, policies and operations of the Scout will remain intact.

The La Mesa Scout was established in 1907 by Wiley Marsgruder. The Reeds have published it since 1938.

LIZAMA GIRLS EARN HONORS IN CAMPFIRE SALE

San Diego's Camp Fire girls today relaxed and counted their dimes and quarters after a 30-day candy sale that made its goal of 40,000 one-pound cans sold. High on the list of salegirls were Lemon Grove's Lizama sisters who helped raise \$10,000 for the summer camp in the Cuyamaca mountains and their day camp in the city, Forrest Raymond, chairman, reported.

Miss R. W. Lydon, chairman of the sale, announced that top sales honors of the drive went to the Pine Birds Junior members of Camp Fire girls. Judy Johnson, seven years old, Clairmont, sold a total of 214 pounds of candy.

Beverly Lizama, nine, of 2491 Massachusetts, Lemon Grove, and her sister, Sandra, seven, were second with 147 cans each.

The quota set for each of the 2,500 Camp Fire girls and Blue Bird in the area was 24 pounds.

U. C. HOME ADVISOR TO VISIT HERE

Lemon Grove women are learning how to stretch the food dollar according to Delphine D. Wilson, home advisor, University of California.

A meeting on "Buying Food" will be held in Lemon Grove Friday at the home of Mrs. Pearl Koopman, 8284 Golden Ave., from 10:00 a. m. till noon. The public is invited.

Meetings will also be held in Poway, May 13th, and Dulzura, May 20th.

Mrs. Wilson explains at these "Stretching the Food Dollar" meetings that one dollar bought in 1935 five pounds of sugar, five pounds of flour, one carton of oat meal, one glass of chipped beef, one can of tomatoes, one pound of coffee, two pounds of beans and one can of evaporated milk. In 1945, one dollar brought all of the above mentioned foods except the sugar, beans and oat meal. In 1952, one dollar buys one pound of coffee and one can of evaporated milk.

To stretch the food dollar, Mrs. Wilson says a home maker should plan food purchases by the week, buy foods in season when quality is high and the price is low and use high quality, low cost proteins. Some examples of low cost high quality proteins are dry skinned milk at eight cents a quart, cottage cheese and soy beans.

Stretching the food dollars includes a comparison of the cost of products on the pound basis. Women are taught, according to Mrs. Wilson, how to sue a conversion chart where the price of packaged and canned foods is compared on a pound basis. An illustration of this comparison may be made on packaged goods. A package weighing six and one-half ounces costs seventeen cents, but on the pound basis is forty-five cents. The same product in a one pound package costs twenty-five cents.

REV. MULKEY REMINDS KIWANIS OF MOTHER'S PLACE IN LIFE

A baseball game with the Lions Club will be held with the "Hardly Able" Championship at stake.

Rev. Morris Mulkey, guest speaker, told members of the value of the home in community and church life with an extremely fitting appraisal of mother's place in the overall scheme.

COMMUNITY CENTER OPERATION EYED

All organizations interested in the operation of the Community Center on School Lane are asked to send representatives to a meeting Friday night, May 9, at 8 p.m. New by-laws will be discussed.

At last week's meeting the Control Board approved a request to organize the Center, and Claude Rupp, of the County Department of Public Works, was requested to present the permit to the County Board of Supervisors for their approval as soon as possible.

P. T. A. SPONSORS RETURN OF BLOODMOBILE

The Lemon Grove District Teachers' Association, in co-operation with the Business Women's League of Lemon Grove, is sponsoring a return visit of the American Red Cross Bloodmobile to the community on Tuesday, May 20, from 2:00 p.m. to 7:00 p.m. It will be stationed at the Community Center on School Lane.

Pledge cards and bulletins were sent home this week with all children in the five district schools. Parents and others are urged to return these cards as soon as possible so that scheduling of donors may be done by the teachers, P. T. A. workers, and members of the Business Women's League.

The last visit of the Bloodmobile to our district was on January 26, at which time 100 people donated blood for the Armed Forces. The Red Cross permits people to give again after three month interval. The Lemon Grove groups have allowed for a four month wait before requesting your co-operation in this all-important drive. Adults only will be asked to donate and all blood will be used for the Armed Forces.

Inside Goodwin

by Max Goodwin
It never occurred to me that Mother's Day should be anything but sentimental. Millions of off spring across the nation will enjoy the pleasant sentimentality of the day brings this Sunday. Millions of chickens will be made into crunchy, crisp offerings to many voracious palates of hungry sons and daughters and their offspring, as children return home, maybe for the last time until next Mother's Day.

Churches will be filled by those whose Mothers have joined the Maker.

Gifts and flowers better to have been received when they were younger, will be graciously accepted by Mothers everywhere.

All in all this tender, poignant day is too small a monument for such a wonderful creature.

And the reveries of home cooked delicacies, such as corn bread, pot roast, thick, juicy steaks and the like with Mom in the kitchen from daylight to dusk to give each dish full character, comes a distasteful press release from one of the major can manufacturers.

Say they: Three million California mothers now spend seven months of an hour on kitchen chores every week. What's more, most of the mothers now come out of a can.

Maybe that is the way it is today. I keep remembering halcyon days when a "company" mail was a full production.

ACROSS the DESK

OUT OF A MAZE of more or less dramatic developments comes a bona fide and serious contender for the Democratic presidential nomination in Averell Harriman, director of the mutual security administration.

While he is little known among the rank and file of voters, is rather shy and retiring in disposition, is lacking some of the color deemed necessary in a presidential candidate, and comes from a wealthy family of Wall Street bankers and railroad builders, Harriman has a record of service in government over the past 20 years which marks him as a real contender for the nomination—backed as he will be by an almost solid New York delegation at the convention.

Harriman's governmental service dates back to the early days of Roosevelt New Deal when he was named by President Roosevelt as a special assistant to Administrator Hugh S. Johnson of NRA. Since that time, he has served in several capacities such as a trouble shooter in the lend lease administration, the war production board, the man of a special mission to the USSR. He has served as ambassador to Moscow, ambassador to Great Britain, secretary of commerce, as President Truman's roving ambassador in Europe in the European economic cooperation administration and has attended all but one of the bilateral meetings of President Roosevelt and Prime Minister Churchill including the Washington and Quebec conferences, Tehran, Yalta, Potsdam, and the Casablanca conferences.

Among the dramatic events during the past week comes the threat by Republican House member George Bender to attempt to impeach President Truman as a result of his steel mill seizure; an attempt in the Senate headed by Senators Ferguson of Michigan and Knowland of California to shut off any money for use by the President in the seizure of the steel mills; threat of the President that he would hold Congress in special session until January 1 if necessary.

President Truman pointed to the disaster in the Missouri river basin as an indication that many times our Democratic count might be its end until some such disaster strikes.

"I spent all day Wednesday looking over a terrible disaster on the upper Missouri river that could have been prevented if we could only have gotten people to appreciate that it might come," he said. "I should not have to have that sort of disaster if we make the reality make the difference in the policy which we are necessary to prevent it. And that's what we need."

LETTERS TO THE EDITOR

EDITOR LEMON GROVE REVIEW

Lemon Grove should organize a council for teen-age jobs. Some group should survey local employers to see how many teen-age jobs there will be during the summer vacation.

If jobs are found, teen-agers could be required to take part in some activity at summer school, preferably sports. This would help the morale of Lemon Grove Youth and make for better citizenship.

Dear Mr. Goodwin:

I note that you say "Lemon Grove is the fastest growing city in southern California." I beg to differ with the statement. A city has transportation. Lemon Grove has none. I know the Homeland bus comes every hour and a half or two but there is no taxi service. A city has taxis.

For those of us who have to depend on public transportation a taxi is a must. Either we should have a taxi or quit calling ourselves a city.

"EASY DOES IT"

MANY RUG STAINS can be removed easily if you get to them while the stain is still fresh. Warm, lukewarm water sponged into the stain is often all that's needed.

In the case of rug stains where you know just what the stain is, you can treat it more effectively with the proper solvent. For example, if you know it's grease, sponge with cleaning fluid, and work to the center of the stain, to avoid spreading it and also to prevent a ring around it.

RECIPE OF THE WEEK

Bacon-Noodle Scramble
(Serves 4)

2 pound sliced bacon
2 tablespoons bacon drippings
2 eggs
1 cup milk
1 onion, minced
1 teaspoon salt
1 teaspoon pepper
1/4 cup grated onion
1 cup chopped parsley

Cook bacon slowly and collect fat as it cooks. When cooked, remove bacon from pan. Measure out bacon drippings into pan. Beat eggs, add milk, seasonings and cooked noodles. Cook mixture in drippings until brown, stirring occasionally. Arrange in center of platter and surround with bacon.

When you're using professional liquid cleaners for rugs, or dry powders, use a brush which fits neatly in the hand. A scrubbing brush, purchased and used just for its purpose, is ideal.

For a homemade rug shampoo, dissolve 2 cups detergent or soap in a gallon of water. If desired, add a drop or two of ammonia. Beat to a lather with an egg beater, then apply with a brush or sponge. Wipe off with a damp sponge or piece of terry cloth wrung out in clear, lukewarm water, taking up all soiled water. Rinse a second time, the same way, then go over area with dry cloth.

Handhooked rugs can be washed successfully at home, either by the above method, or in the washing machine, if they're a small enough size. The same applies to small cotton rugs and mats.

VAN DEERLIN DARES DUBBIE IF HE'S ELECTED

"I will dare on the floor of Congress the first man who elects me a hobo in Washington."

With this promise Lionel Van Deerlin, former city editor of the San Diego Journal, has opened an intensive campaign for Congress in the 22nd District, which includes Lemon Grove.

Van Deerlin, 37, who lives in a 3-acre fruit ranch in Poway, is the only registered Democrat in the race. He has crusaded against five Republicans.

As a new candidate in a new district, Van Deerlin predicted that the corruption issue would be turned to his own advantage.

"The way to achieve honest government is to send honest men to Congress," he said. "I think my long newspaper training will be helpful in turning up the facts about persons who have betrayed the public trust."

Van Deerlin added that he would hang a sign above his door in the House Office Building in Washington, warning callers of exposure for any bribe offers.

On other issues, the candidate voiced firm support of the United Nations and said he favors continuance of his party's broad domestic policies.

"Americans want a lot of things cleaned up in their government," he commented. "But that doesn't mean they're ready to go back to the 19th Century with Mr. Tuff."

Van Deerlin grew up in Ocean Side, attended the University of Southern California on a four-year journalism scholarship, and has worked on newspapers in Minneapolis, Baltimore, New York and San Diego. He was co-founder of Point newswatch in San Diego before becoming information director for the Office of Free Stabilization in San Diego, Orange and Imperial counties in 1951.

He was an Army enlisted man, with overseas service in Italy. With his wife and three children he is a member of Trinity Episcopal Church, Encanto.

Van Deerlin's name will appear on both Democratic and Republican ballots in the June 3 primary.

FOOLISH ECONOMY TO DENY STATE NARCOTICS OFFICER - WEBER

Threat of a state narcotics officer in San Diego County is "Lionel Van Deerlin."

Webster, candidate for nomination as 7th district representative, said Thursday night.

Webster addressed a meeting in Encanto Heights. He pleaded that he would work for immediate removal of a state narcotics officer from the district.

"Because of our reputation, the border must have trained personnel to fight the dope traffic," he said.

After consultation with law enforcement and other community leaders, Webster said, "I am convinced that we must have a narcotics officer here to stop the growing of dope by young people. It is ridiculous to expect an office many miles away to properly serve San Diego County."

He stated as assemblyman from the newly created 7th district, Webster said, he would "get the district off to a good start by concentrating on the welfare of this county."

A resident of the county for 26 years, Webster has had long experience as a railroad worker, a small business owner, and an avocade rancher.

TWO CENTS

When a store sells you something for one dollar, the article you bought cost the merchant 61 cents, on the average.

These items 39 cents to be accounted for. And a good many people may believe that this sum is largely profit.

If this were true, merchandising would certainly be a gold mine - but it isn't! The 29 cents is called markup, which simply means the difference between the cost of a merchandise and the price at which he sells it for sale. All the expenses connected with operating the store must come out of the markup. These include payroll costs (which accounts for half of the total markup), rent, utilities, the supplies, advertising and displays, insurance, special services such as delivery and alterations - and of course, taxes. Markup must also take care of markdowns - which are reductions from the original price at which the merchandise was offered, made necessary by competitive conditions, damage, or consumer refusal to buy at the regular figure.

How much of that markup then ticks in the merchant's pockets in the form of profit? The answer, based on exhaustive factual surveys covering stores of all sizes and shapes and types, is 19 cents. In other words, less than two cents comes out of each dollar of sales is left to the retailer, stockholders or investors after all the bills are met.

Be Cool In Knee-Lengths!

When it comes to keeping you cool, one thing is certain: Fashion will never have a shortage of ideas! Latest "cool-keeper" is the revival of an old favorite - knee-length stockings. Held snugly in place with a lacy Lastex band that neither wears out nor washes out - they stay and stay right below the knee! (This band, incidentally, will never bind or interfere with your circulation.)

Besides being so delightfully cool, these new knee-length stockings have added advantages. There's no wrinkles here, no runs, and, of course, cost - because they are completely unbreakable. And, they give women a chance to be both elegant and comfortable in weather with a wonderful excuse for not wearing one!

Made of sheer 15-denier yarn, these knee-length stockings can go from here to there, from town to town, from office to office, from golf to golf, from leg-pipe stockings - and that means they fit every woman, fashionably - whether she's tiny, tall or in between - because they come in leg sizes that fit every size leg.

Women who wield a dustcloth can give thanks to industry for developing the very versatile family use of silicone compounds, and adapting a member of this family for use in a polish that beautifies furniture while it makes dusting easier.

Within the family of silicone compounds are members which do so much practical and diverse things as waterproof fabric, keep eye glass sparkling clean, weatherproof your house's face, and help your car give more satisfactory service.

In furniture polish, silicones do equally practical things. New non-oily silicone polish makes surfaces so smooth that dust slides off at touch of the cloth. It is easy to use, and more important, it makes finishes so mirror-bright you can see your image in them. And it beautifies lasts and lasts — for months.

Expanding industrial uses of silicone compounds will touch your home life more and more in the future — and brightly — but there is no need to wait for easy dusting and furniture beauty. Non-oily silicone polish is available now in handy 10-ounce bottles at your grocery, hardware and department store.

WE GOT IT
TRANSPPOSED

You'd think the REVIEW
embarked on an inflationary
era of it's omithwe way we raised
the price in Chan Masco's adver-
sement Thursday.

Instead of being satisfied with
price of \$5.00 on Purina A
urpose Mash, we lister it at \$6.50
so that all who wonder may know
the price is the lower of the two
and we are culprits. We call it
transposition. Macon calls us a bar-
tender and the reader calls it a con-
fusing day.
